

Miser **"Afterglow"**

Your philosophy
It's all in the way you make me smile
You don't have to try to be the heart of me
You just have to make it worth my time
You'll be everything you always wanted to be
And you'll see your fantasy with me
Without you it's all the same
I don't know your name
This is the last time we say goodnight
Make sure you get this right
No one will ever know when we lose control in the
afterglow
Your hypocrisy is part of the reason to deny
This opportunity of you and me
And all other faces that pass by
You'll be everything you never wanted to be
But you'll see your fantasy with me
This is the last time we say goodnight
