Unbreakable, untouchable and I've lost 'em all.
Unmerciful, unbeatable and I've lost 'em all.

Bury your pain to me, I'll take it all.
Bury your pain to me, I'm ready to break and fall.

Share my madness and I'll give it to you.
Share my madness, you can do with it what you do.

Vulnerable, miserable and I've lost 'em all.
The further I go, the weaker I am, my life's been just a
Scam.

Bury your pain to me, I'll take it all.
Bury your pain to me, I'm ready to brake and fall

Share my madness and I'll give it to you.
Share my madness, you can do with it what you do.
