Information gave me a choice,  
Kill everything or more  
I'm so very happy now,  
according to my teenage whore  
Hear my voice but it's not me,  
I will always disagree.  
Inhale then fade away  
everything's different today.  
Now I got me a new religion,  
It will get me into shape.  
I've changed personality  
the old one always made me hate  
So comfortable to stand in line  
Keeps the voices out of my mind  
The real thing's never what it seems  
in a world of a million lies

A million lies - A million lies  
A million lies - in a world of a million lies

Those insects drove me mad

always there to distract  
To show my disbelief  
I painted every fucker black  
Wanna crawl all over you  
Suck the smell of your dirty skin  
Who could ever ask for more  
in a world of a million lies

A million lies - A million lies  
A million lies - in a world of a million lies

Suck the dirt of my skin... [x2]

Information gave me a choice,  
Kill everything or more  
I'm so very happy now,  
according to my teenage whore

A million lies - A million lies  
A million lies - in a world of a million lies

[Repeat x3]

Suck the dirt of my skin... [x2]
