Chorus

Your love is the key to my life an inspiration
of all that is right
Your love is the key to my life an inspiration
A sensation oh yeah

Lets just try to put away the past
if we work real hard we can make it last
I wont pressure you to change your mind
You've got all night so take your time
You know that this love is true
You bring me joy with everything you do
And just like a fire that burns real bright
My real emotions i cannot hide

Chorus

Your love is the key to my life an inspiration
of all that is right
Your love is the key to my life an inspiration
A sensation oh yeah

Dont you know you're always on mind
Cause love like this is so hard to find
I sail oceans and the big blue sea
I finally found someone, can this really be?
I know that you're the only one
I never thought that I could meet someone
That brings me joy the way you do,
You capture my heart with love so true

Chorus

Your love is the key to my life an inspiration
of all that is right
Your love is the key to my life an inspiration
A sensation oh yeah

Theres something in my mind
I've been searching for the longest time
And you ought to know ... you're love is the key (2x)

Chorus

Your love is the key to my life an inspiration
of all that is right
Your love is the key to my life an inspiration
A sensation oh yeah
