M with the I with the S T double E Q  
All I want is to be with you  
Mis-Teeq with the one Sunship  
DJ number 1 selecta

Aah aah aah....etc

All I want is to be with you  
But I just got to live, live my own life too  
All I need to know  
(Need to know that the) That the world is mine  
I snap my fingers (fingers)  
And everything is fine, thats all

Firing it up and away we go

Sitting looking in the mirror  
Like Alice through the looking glass  
Life's a never ending journey  
Be careful not to go too fast  
Sometimes I can't help myself  
From falling in too deep  
I know it may be hard to tell  
You're love is calling me

Aah, all i want to be, ah  
And away we go  
Aah, all i want is  
Gonna get up on the mic, gonna make you wind

Aah, all i want to be, ah  
And away we go  
Aah, all i want is  
Gonna get up on the mic, gonna make you wind

All I want is to be with you  
But I just got to live, live my own life too  
All I need to know  
(Need to know that the) That the world is mine  
I snap my fingers (fingers)

And everything is fine, thats all

Floating on a river of dreams  
On a magic carpet ride  
Take control of my destiny  
I know it's just a matter of time  
That I will find that midas touch  
And everything will turn to gold  
It would mean nothing without you here to hold

Aah, all i want to be, ah  
And away we go  
Aah, all i want is  
Gonna get up on the mic, gonna make you wind

Aah, all i want to be, ah  
And away we go  
Aah, all i want is  
Gonna get up on the mic, gonna make you wind

All I want is to be with you  
But I just got to live, live my own life too  
All I need to know  
(Need to know that the) That the world is mine  
I snap my fingers (fingers)  
And everything is fine

I can read it in the stars  
That what I want is who you are  
I will let my hair down for you  
A thousand times to show you  
That when you reach me at the top  
I'm gonna give you all I got  
And wherever we will go  
Our hearts will follow

Get up get up on the Mis-Teeq flex  
Lyrically blessed I solve the contest  
As we rise again with a brand new trend  
Here I go again, we rinse the weekend  
The money the making  
The record the breakin'  
Are you awake when my mics in check  
Vibe to the rhythm with the tune on the decks  
Go on Sabrina on your marks get set  
It's a UK thing, style that we bring  
Go underground let the journey begin  
We're the Mis-Teeq, We're in chorus we sing  
Quick off the mark, ring a-ding-ding ding  
In a mix with a bag of tricks  
Feel the vibe with the one Sunship, boom!

Move to the beat it's about music  
Roll through these tracks with our fresh tactics

All I want is to be with you  
But I just got to live, live my own life too  
All I need to know  
(Need to know that the) That the world is mine  
I snap my fingers (fingers)  
And everything is fine

All I want is to be with you  
But I just got to live, live my own life too  
All I need to know  
(Need to know that the) That the world is mine  
I snap my fingers (fingers)  
And everything is fine, thats all

Firing it up and away we go

Boy I wanna be with you  
I wanna live my own life too  
But I got to have it all  
Thats all, thats all, thats all  
And when I snap my fingers  
Everything is fine, I wanna have it all
