It's such a steep climb
Up the mountain's south side
It has a cloud that acts in such peculiar ways

Accident count rising
A young girl prophesizing
To protect their race, they'll seize her mind

At this altitude, it's freezing
Aliens control human beings
No one has lived to tell
Who's seen the crawling eye?

At this altitude, it's freezing
Aliens control human beings
No one has lived to tell
Who's seen the crawling eye?

These evil demon eyes
Under cloud cover hide
They have great tentacles to tear apart their prey

All these men are dying
Crawling eye decapitizing
Fiends without a face attack mankind

At this altitude, it's freezing
Aliens control human beings
No one has lived to tell
Who's seen the crawling eye?

At this altitude, it's freezing
Aliens control human beings
No one has lived to tell
Who's seen the crawling eye, eye?

Crawling eye
Crawling eye
Crawling eye
