"From Hell They Come"

in the night i hear voices calling they seem to speak my
name glowing bright i see the eyes of demons
reaching up beyond the grave and i think from hell they
came oh, i think from hell they came i think from hell
they came oh, i think from hell they came dark the
night their cries so lonely feel their need inside i can't
fight this eternal longing feast on flesh, these ghouls
tonight and i think from hell they came oh, i think from
hell they came i think from hell they came oh, i think
from hell they came oh whoa-oh whoa-oh oh in the
night i hear voices calling they seem to speak my name
glowing bright i see the eyes of demons reaching up
beyond the grave and i think from hell they came oh, i
think from hell they came i think from hell they came
oh, i think from hell they came
