Some say that's where man began  
On this wasted piece of land  
Where evolution's yet to show...  
Forbidden Zone  
Blasting into outer space  
Evolution's one hero...  
The Planet of the Apes  
Crossing a path into another  
dimension  
Crossing a plain, into another dimension  
We the unseen  
A million years into the future  
Back on Earth  
it's all you read about  
All the evidence destroyed  
We lost abandoned saviors...  
We shall sustain the  
Forbidden Zone  
Maps and legends mark the firewalls  
Of the Forbidden Zone
