We have been waiting for you
We have been waiting for you
For you

We're still waiting for you to come inside
You won't be leaving, you are mine
I am afraid that the end is near
No more moments of moonlight

We're still waiting for you to come inside
You won't be leaving, you are mine
I'm so afraid that the end is near
No more moments of moonlight

We'll still be waiting

I'm still waiting for you
Those sick dead eyes tell me, tell me you are mine
I am afraid that the end is here

No more moments of moonlight

I have been there to push you through,
Down, down, down through the deep dark wells
Through the animal realm
Let me be the one, the first to welcome you to hell

Your poor pathetic lies and evil ways have brought you
here
Give it all to me
I need for you to stay here with me
Don't go away
I'll stay here with you until the end of time, until it all
goes away
Don't run this way
