Whoa oh oh
Whoa oh oh
Whoa oh oh
Scream!!

A chill runs up your spine
And crawls into your brain
A freezing touch of fear
It's driving me insane
Although you cannot fight
Dragged from the silence where you hide
As you scream
Scream
Scream

A chill runs up your spine
And crawls into your brain
A freezing touch of fear
It's driving me insane
Although you cannot fight
Dragged from the silence where you hide

As you scream

Scream
Scream
Scream

It's driving me insane
Although you cannot fight
Dragged from the silence where you hide
As you scream
Scream
Scream
I want to hear you scream

Scream
Scream
Scream
I want to hear you scream
