some say that's where man began
on this wasted piece of land
where evolution's yet to show
forbidden zone
blasting into outer space
the planet of the apes
evolutions's one hero
crossing a plain into another dimension
a million years into the future
crossing a path into another dimension
we the unseen
back on earth it's all you'll read about
all the evidence destroyed
maps and legends mark the firewalls
we are the lost abandoned saviors of the forbidden
zone
we shall sustain the
forbidden zone
