What if I never knew
What if I never found you
I'd never have this feeling in my heart
How did this come to be
I don't know how you found me
But from the moment I saw you
Deep inside my heart I knew

[Chorus]

Baby you're my destiny
You and I were meant to be
With all my heart and soul
I give my love to have and hold
And as far as I can see
You were always meant to be my destiny

I wanted someone like you
Someone that I could hold on to
And give my love until the end of time
But forever was just a word
Something I'd only heard about
But now you're always there for me
When you say forever I believe

Baby you're my destiny
You and me were meant to be
With all my heart and soul
I give my love to have and hold
And as far as I can see
You were always meant to be my destiny

Maybe all we need is just a little faith
Cause baby I believe that love will find the way
Baby you're my destiny
You and I were meant to be
With all my heart and soul
I give my love to have and hold
And as far as I can see
For now until eternity
You were always meant to be my destiny...
