Not a hair out of place
Shes a glamorous face unaware, yeah
Like a picture thats taken
Shaped with a perfect frame

She turns every head
Theyre so impressed
Theyve got to stop and stare
It has no effect on her
The same girl
She doesnt really care

CHORUS

Shes got it
Theres nothing she can do about it
She cant help that shes naturally beautiful
She cant avoid it
Its not her fault, shes got it

They think shes gotta think
Naturally that shes some kind of goddess
And theyre staying away
Making stories that they can tell

They assume that her design
It fits just right
From the inside out
Its hard to see whats underneath
Out of reach
She doesnt think shes better than anybody else

CHORUS

Shes been minding her business
No chance shes been given
Dont put her down to bring you up
She doesnt deserve this
Look under the surface
Putting her down will bring her up
Theres really nothing she can do about it
She cant help shes naturally beautiful
Shes naturally beautiful

CHORUS
