Youve grown up together
She knows you protect her
She follows your every move
Your influence is endless
Her hero, her best friend
Shes watching and learning from you

How does it feel to know that
She looks up to you

CHORUS

Tell me who ya gonna be
When shes watching
When shes watching
Tell me, who ya gonna be
Try to see yourself
Through someone elses eyes

Youre facing the pressure
Could easily hurt her
Youre fading in with the wrong crowd
Be careful what you do
Consider how you choose
Influences how she turns out

You cant undo the damage
Its up to you

CHORUS

Shell be affected if youre misguided
But you should do this for yourself
She understands how good your heart is
And thats what she sees in your eyes
Shes watching, shes watching
Shell follow your every move
Shell do everything you do
Shes watching, shes watching
Shell follow your every move
Shell do everything you do

CHORUS

Youve grown up together
She knows you protect her
She follows your every move
