Rollin' down life's endless highway seems there ain't  
no wrong or right way  
We just keep headin' toward that distant light  
Baby we're two restless souls never sure which way to  
go  
But here we are flying' through the night  
C'mon baby any road can make you happy any road  
can make you blue  
Any road is just a byway when you're only passin'  
through  
Out there on the horizon somethin' waits for us  
somewhere  
When you don't know where you're goin' any road will  
take you there  
[ guitar ]  
Never know what's around the bend baby hold on tight  
here we go again  
While the highway behind us slowly fades to black  
This road rolls on forever we'll find what we're looking  
for together  
So move over close and don't look back baby don't look  
back  
Any road can make you happy...  
Out there on the horizon...
