Please don't cry, oh my--you're so blue
But I'm here to help you--beautiful you
You need someone to give you a love that's true
Well I'm here to help you--beautiful you
Beautiful you
Beautiful you
The days go by, oh my--what will you do
Take me to help you
Beautiful you
Beautiful you
Beautiful you
Beautiful you
You'll need a man someday
Beautiful you
You know I'm here to stay
Please don't cry, oh my--what will you do
Take me to help you
Beautiful you
Beautiful you
Beautiful you
