This place ain't fit for a jukebox, let alone a band  
We're lookin' good in our sequined shirts and neon  
tans  
Turn down the lights, let's strike up the band boys  
It's Saturday night  
This smoky air can lead to love affairs and at least one  
fight

I strap on my guitar feelin' a twinge of that old stage  
fright  
Ready and willin' to do it right for the sake of the song  
Play the music, let the rhythms flow, pour out your soul  
Do a little country, rhythm and blues, and rock 'n' roll

Hand me that towel, God Almighty, ain't it hot up here  
Hey waitress, would you bring me another shot and a  
beer?  
Rainbow of color forms in the sweat fallin' in my eyes  
Remindin' me of the tears I've cried before the sake of  
the song

Spotlight, the singer makin' him look like he's all alone  
While he's makin' love to the melody with the  
microphone  
Do one for us and one for the crowd, they want to  
dance  
That girl down there, she's lookin' up here with signs of  
romance

Harmonies changin' keys, guitar playin' fast and strong  
And we're ready to do it all night long for the sake of  
the song  
For the sake of the song
