Bob Corbin (Bro N' Sis, BMI; Coljes, BMI) 1996

I want to take a ride down a desert highway
In my old Mailbu
You can play with the radio, I'll do the drivin'
I wanta do it with you
I wanta stop in a roadhouse and get served tequila
By a bartender with jailhouse tattoos
I wanta tell you stories about my life as a cowboy
I wanta do it with you
Call me a hopeless romantic
I'm a fool for your love, it's true
Anything I ever think about doing
I wanta do it with you
I wanta take a tramp steamer to a South Pacific island
Where the water's clean and blue
Stay by the beach in a little hut, live on love and
coconuts
I wanta do it with you
Call me a hopeless romantic...
Maybe we'll just stay home tonight, sit here by the
firelight
And listen to some old rhythm n' blues
I can be anywhere, baby, I don't really care
I just wanta do it with you
