Dave Hanner (Play on Publishing, ASCAP)1997

You don't seem to be doin' all that bad
In fact you look good
You don't seem to be feelin' all that sad
Like I thought maybe you would
How, how did you do it
How did you let it go
How, how did you do it
I need to know
You've got friends to help you when you're sad
There's even someone you've been seeing
Well I know there's nothing wrong with that
In fact it's a good thing
How, how did you do it...
One last question, before you go
If you're really over you and me
How did you get there, I need to know
Cause that's where I'd like to be
How, how did you do it...
