I remember 1967 like a dream  
Me and my father's car and you in Vilvaren jeans  
As we drove that country road our hearts were full of  
life  
And I remember you sayin' we will never forget this  
night  
But that was oh so long ago and now sometimes it  
seems  
That 1967 was a dream  
[ keyboards ]  
I remember the fire light dancing on the floor  
And I recall that look in your eyes that seemed to cry  
for more  
And I'm never thinking there was nothing in this world  
That could ever compare to what I felt for you girl  
That was oh so long ago and now sometimes it seems  
Like 1967 was a dream  
[ keyboards ]  
I remember 1967 like a dream  
Driving you home that night and kissing your cheek  
In our hearts we both believe we've had it all  
But somehow our love became just smart across the  
hall  
But no matter where we go or what we may be  
There'll always be 1967 in our dreams
