You're the woman, you're the girl  
You're the only one in the whole world  
That's got the power to give me these blues  
While I have no power over you

I've got these long gone blues  
Sitting here thinking of you  
I wish my feelings for you were long gone too  
Long gone blues

If you ever think of me, think of me now  
Even though you're so far away  
If you ever think of me, think of me now  
Loving you to this day

I've got these long gone blues  
Sitting here thinking of you  
I wish my feelings for you were long gone too  
Long gone blues
