Makin' love by the radio  
A Cool Kitty and a Daddy-O  
Beat up old car and those moonlight rides  
My old rock n' roll baby goodbye  
Oh my old rock n' roll baby goodbye  
Jukebox joints, rolled up jeans  
Motorcycle jackets and James Dean  
I was your Candy Man and you my love light bright  
My old rock' n'roll baby goodbye  
Oh my old rock n' roll baby goodbye  
Was it the times we lived or cause we were young  
All I know is the way we'd feel  
Every time we'd make our secret love  
In the backseat of that automobile  
Teaching each other what felt right  
Platter-pushin' on the phonograph all night  
Hey we were gonna set the world on fire  
My old rock n' roll baby goodbye  
Oh my old rock n' roll baby goodbye  
But you gotta grow up that's what they say  
And we grew up in different ways  
But I think of you now and then  
Play an old record and I live it again  
My rock n' roll baby  
Rock n' roll baby  
Oh my old rock n' roll baby goodbye
