Be still my heart, please right now
On the double, oh on the double
Look out my heart now
I see it coming round the corner
Strip away all of the creepy creepy trouble
Oh, on the double, dig it out level
Oh, don't go gettin' in a hurry, no, no, no
Take the time that you need, everything'll be easy
Tell me my heart whose report will you believe in
Will it be the good, will it be the bad that you see?
Make room it can fill you up
Can you contain it, really contain it?
Spread it around now
You know you need it, know you need it
Oh, don't go gettin' in a hurry, no, no, no
Take the time that you need, everything'll be easy
