"Kick Drum"

I can feel it
I can feel it shaken in my bones
I can hear it
I can hear it comin up from the floor
And it's breakin breakin down the walls
And I'm shaken shaken to the core
It's the only sound that I can't live without
It's gonna cut through all this noise, it's gonna cut
through all this noise

(Chorus)

Everybody put your hands up, if you believe in the
Risen Son
We, re gonna light this world up, like they, ve never
seen it done before
We, re gonna dance, dance, I got a kick drum full of
love
We, re gonna dance, dance, I got a kick drum full of
love

I need it, I need it like a song needs soul
To believe it, I gotta give it control
And it's breakin breakin down the walls
And I'm shaken shaken to the core
It's the only sound that I can't live without
It's gonna cut through all this noise, gonna cut through
all this noise

(Chorus)

I can hear it comin, the kick is thumpin, like a heart beat
beat, a heart
Beat beat

(Chorus)
