Maybe I should change....
Maybe you should change.....

Chorus:

Maybe I should change the way i feel you
and Maybe you should change the way u feel about me
and if i did u wrong, den my apology
i think we should reconsider our love

cuz we aint ready for love for love for love
and it aint ready for us for us for us

cuz we aint ready for love for love for love
i think we should reconsider our love
cuz we aint ready for love

if it aint too late i thank you should pump ya brakes
shift it out of fifth gear, do it for ya own sake
cuz i aint feelin this really i aint feelin this
we can't even talk it out, you just gotta get over dis too
cuz this aint what you call a love life
and always say you can't neva make a wrong right
but when we had it, we had it like magic
now i'm wishin that (love) neva wudda happened at all
but i aint trippin i aint even mad
hope we both agree that we could be a thing of the past
cuz presently i'm moving on
so long, sorry if u feel like i did you wrong
but if u love me den let it go
comes back.... its yours
doesn'tden u know forsure
that it wasn't meant to be in the first place
but we can keep in touch i'll text you on ya birthday

chorus

Maybe I should change the way i feel you
and Maybe you should change the way u feel about me
and if i did u wrong, den my apology
i think we should reconsider our love

cuz we aint ready for love for love for love
and it aint ready for us for us for us

cuz we aint ready for love for love for love

i think we should reconsider our love
cuz we aint ready for love

goin round in circles never moving forward
love is a bionic thang but I dont think for us
when i got witcha i could see a perfect picture
made it official now we should reconsider
real love cuz this aint shit like Mary J
listenin to yo friends and every fuckin word they have
to say
on top of being all about the physical
have sex with my intellect
and make love with my spiritual
since u know u want to please me baby
but u just couldnt never really seem to baby
even tho know im the type of chick that u dream of
baby
n gave me everything that i could even think of baby
it was still mo pain than pleasure
and ion think we deep enough to weather whateva
storm
and i aint tryna leave ya torn bout what we could be
but friends is more or less what we should be

Chorus:

Maybe I should change the way i feel you
and Maybe you should change the way u feel about me
and if i did u wrong, den my apology
i think we should reconsider our love

cuz we aint ready for love for love for love
and it aint ready for us for us for us

cuz we aint ready for love for love for love
i think we should reconsider our love
cuz we aint ready for love

(talking)

Now we was the business
When we was the business
And I think unconditional love can only exist between
and mother and a child
And now that circumstances different
we different and i gotta peace out

(fade out)
