We are quietly secure people  
Life has run it's course of surprises  
We have no need for the big thrill now -  
NO RISKS TAKEN HERE

We are strangers to the world of change  
We took all our chances so far back  
We won't let ambition destroy us  
THIS IS THE SOUND OF LIVING DEATH

We have no problems: therein lies our problem  
And the air we breathe is cool but there's no oxygen  
Life is constant first-class  
I get so bored, so fast

And the days that turn to nights turn to days  
Turn to spit you in the face  
You're outdated  
While sedated  
We are  
Phased out, phased out  
We are  
Phased out, phased out
