

Miss Black America "Scream For Me"

Visit "[Scream For Me](#)" on MotoLyrics.com

Well, I've been wasting all my precious time
And my loving comes from the pain inside

So when you feel it do you mean it do you love it do you
want it

Too much for me to provide what you're looking for?
Your eyes get sore when you're out on the floor, I say
So when you feel it do you feel
Scream for me

Fever takes hold
You left me out in the cold
One too many times
Backstabbers, beware
Your time is coming
So, look out
Look out, we're coming on

I've been wasting all my precious time
And my loving comes from the pain inside
So when you got it rise above it let the fever take you
over
Be the best thing you never dreamed you could be
Let them play on your terms
And beat them til' they scream, I say
So when you feel it can you feel
Scream for me

Fever takes hold
You left me out in the cold
One too many times
Backstabbers, beware
Your time is coming
So, look out
We're coming out screaming

So when you feel it do you mean it do you love it do you
want it too much for me?
So when you feel it do you mean it do you love it do you
want it too much?
So when you feel it do you mean it do you love it do you
want it too much for me?

So when you feel it do you mean it do you love it do you
want it too much?
