And you're cold and alone again
Wishing the weeks away
So that you can be older
Your only crime in their eyes is to be under-18

drugs will fuck you up"
"Love is a drug", but "it's legal, and that's alright"

U N H I N G E Y O U R S E L F

U N H I N G E Y O U R S E L F

Hey! Love is a drug
And remember, kids that drugs will fuck you up
Love is a drug
And remember, kids that drugs will fuck you up
Love is a drug
And remember, kids that drugs will fuck you up
Love is a drug
And remember...
