Batteries exhausted but emotionally charged  
The whole world can hear me as I think too loud  
Unlucky gambling unlucky in love  
Time to remote my velvet glove  
Allergic. Allergic  
I meditate in public day and night  
As my positive thinking is on strike  
Ego scratched under the sole of my sneaker  
Feel like falling asleep with my head in the speaker  
I'm allergic to myself  
I'm allergic to myself  
I'm allergic to myself  
I'm allergic to myself  
This is a free train station philosophy  
Pain and compassion are on sale lately  
It's OK to say it's all wrong  
I got my 1st class one way ticket to the dawn  
I'm allergic to myself(8x)  
[cough]  
Allergic  
[cough]  
Allergic  
[cough, cough cough cough]  
Allergic  
I'm allergic to myself(4x)
