A two night stand in Tulsa pullin out anâ€™™ headed west
Freddie grabbed the Gideons from the hotel in the desk
Anâ€™™ we said â€™œwhatâ€™™ s the matter brother? Are you worried about your soulâ€™™
He said â€™œbetter safe than sorry boys, thatâ€™™ s just how I roleâ€™™
We hit the road a feelinâ€™™ cool as Crosby, Stills and Nash overflowinâ€™™ with the spirit an a bible on the dash

Well we pulled the whole thing over for the flashin reds and blues
The police come to the window and he said â€™œHave you heard the news?â€™™
He said â€™œdonâ€™™ t get smart with me boy, why you doin 95?â€™™
â€™œmy foot is heavy with redemption, lâ€™™ m just blessed to be alive!â€™™
He said â€™œI oughtta pull you out aâ€™™ there anâ€™™ beat you black and blueâ€™™
I placed my hand upon the good book anâ€™™ said â€™œwhat would Jesus do?â€™™

Its better than insurance, registration or lyin
Itâ€™™ s better than these fake IDâ€™™ s I have to keep buyinâ€™™
Itâ€™™ s even better than an envelope stuffed with cash
They always said itâ€™™ d save me, that old bible on the da-ash

Well â€™round these parts that hair aloneâ€™™ ll make probable cause
If youâ€™™ re movin through my county, youâ€™™ ll obey my earthly laws
Well we did our best to quote some holy red chapter or verse
â€™œwhat kinda music you boys makin?â€™™
we said â€™œChristian music sir!â€™™
well he thought about, contemplated, twirled his cop moustache

It's alright ya'lls be careful now, just don't
drive quite so fast

It's better than insurance, registration or lyin'
It's better than these fake IDs I keep on
buyin'
It's even better than an envelope stuffed with cash
They always said it'd save me, that old bible on the
da-ash
!

Well crossin at the border a few months later we heard
"FREEZE"
Pull in over there son, we gonna do some search and
seize.
Maybe if we'd been more famous he'd a said
just move along
If he'd a seen us on the TV, if he'd a had his
single songs
Well he's just about to ask us where's the
money guns and hash
Well I'm prayin it would save me, that ol bible on
the dash

His hand was on his pistol, his dog was on his leash
An that shepard he was a keeping a pretty close eye on
the sheep

We got a list we're gonna look at, see if we
can't find your names
We got parabolic laser beams hears everything you say
We got ultraviolet x-rays that can see right through
your bus

"Yes sir well I hope the good lord keeps an eye on
all of us, yup"

Its better than a green card, it's better than
lyin'
It's better than these work visas I keep on
buyin'
It's better than an envelope stuffed with cash
Lord I'm at the border with a bible on the da-ash
