Well I like a full bodied lager as much as the next hard
working man
The taste of suds while dealing stud I can surely
understand
Trucker speed and yes indeed it's nearly gettin' light
It's time to switch to whiskey we been drinkin' beer all
night

You can fish for bass and cut your grass and drink that
purple gas
Sho' nuff, but the powerful stuff that'll knock you on
your ass
Is like diesel fuel, and nobody's fool is gonna wanna
get left behind
It's time to switch to whiskey we been drinkin' beer all
night

CHORUS:

Well it's time to switch to whiskey we been drinkin' beer
all night
We're all half dead and them that's left are spoilin' for
a fight
Who'd 'a thunk, we're quit drinkin' drunk, now boys
don't spare the rye
It's time to switch to whiskey, we been drinkin beer all
night

I've been splittin' eights and hittin' my straights in the
cardrooms of the world
Chasin' skirt and gettin' hurt but now I got a card playin'
girl
But man she gets excited when the deal don't come out
right
It's time to switch to whiskey we been drinking beer all
night

CHORUS

Well I've heard it said that you can get some heat in
Irish pubs
Servin' Jamesons to an Orangeman and Bushmills to
his cuz

Well here's what you do with Tullamore Dew, you can
meet 'em both halfway
It's time to switch to whiskey they've been drinkin' beer
all day

CHORUS

...rye whiskey, rye whiskey, rye whiskey I cried...
