Opening the window
To feel the wind blow
Is the sky gray or blue?
I see the world through you

Behind my Ray-Ban
Behind my Ray-Ban
Behind my Ray-Ban
The screen between the world and I

I only show what I want
The sun is too strong
Are my eyes gray or blue?
You can't see me but I can see you

Behind my Ray-Ban
Behind my Ray-Ban
Behind my Ray-Ban
The screen between the world and I

Protection on the go
And a vision in stereo
Is my mood gray or blue?
I see the future through you

Behind my Ray-Ban
Behind my Ray-Ban
Behind my Ray-Ban

Behind my Ray-Ban
Behind my Ray-Ban
Behind my Ray-Ban
