All you wanted was to have someone to hold, and bro
ho
And now he left you for the other girl you new, he had
By his side
Made her smile
All your call
Lonely nights
All the lies
More than twice
All the tries, he lied looking in to youÂ're eyes.

All those men all those men all those men
They tear you hard out and walk away
And there is nothing that you can do
You shut youÂ're mouth and you try to play
By all the menÂ's rules

I found you crying in the house you got bout,
Before he got bored
But all the dishes and the laundries you on, to call
cause you flurry
And I canÂ't,
Make you smile
Keep you warm winter nights
All the lies, more than twice, all the try he lied looking
into your eyesÂ...

All those men all those men all those men
They tear you hard out and walk away
And there is nothing that you can do
Then shut youÂ're mouth and you try to play
By all the menÂ's rules

All those men all those men all those men
They tear you hard out and walk away
And there is nothing that you can do
You shut youÂ're mouth and you try to play
By all the menÂ's rules

All those men all those men all those men
They tear you hard out and walk away

And there is nothing that you can do
You shut you're mouth and you try to play
By all the men's rules
