Oh, it started just like love should
I stole him from my best friend
Not like they were a couple
She just wanted him one night in bed

Oh no, why'd step up girl
Can't you see this man is meant for me
Oh oh, won't you roll over girl
This man is for me and only me

And I'm so sad that I stole him
When you wanted him so very bad
But life's cruel when you fall for someone
That don't belong to you

Oh no, won't you dry your tears
In someone else's sweet embrace
Oh oh won't you try your luck girl
'Cause I'm sorry, he's mine and only mine

I'm sorry he's mine
Well I'm sorry that I made you sad
But I am even gladder he's mine
He's mine
And I'm sorry that I lost you friend
But I would do it once again

Well I'm sorry that I made you sad
But I am even gladder he's mine
He's mine
And I'm sorry that I lost you friend
But I would do it once again
