Left in cause in a house full of shitty...
There supposed to be a there's a...

Kings and Queens don't know about real life
And Presidents don't know how to fight
And all they know is gold and good wine
All they know

Just let her know the real truth you tell her about your
lover
Don't you fool me and tell me what to do no no
?why... (should I?)live a lie like you do...

Kings and Queens don't know about real life
And Presidents don't know how to fight
All they know is gold and good wine
Cuz all they know

Mmmmmmmmm mmmmmmmmmmm
Mmmmmmmmm ahh ah

Kings and Queens don't know about real life
Presidents don't know how to fight
All they know is gold and good wine
That's all they know

And Kings and Queens don't know about real life
And Presidents don't know how to fight
And all they know is gold and good wine
All they know
