One two three four five  
And six beers later I was wild  
I said baby  
Show me to the bed now

Cus I've been sitting here since half past nine  
Been thinking dirty thoughts about you a thousand  
times  
Come on baby  
Do you feel the same huh?

Cus I don't want to end up being  
A tragic heartbroken human being

Five six seven eight  
It's twelve o'clock and it's getting late  
Come on  
Don't you feel like going home

I'll treat you good if you treat me bad  
And I'll give you the best lovin' that you've ever had  
Shut up  
And take me by the hand

Cus I don't want to end up being  
A tragic heartbroken human being

And he said something like this:  
Sure babe, I'll take you home  
But in the morning you'll be on your own again

And I said:  
Well honey that's ok  
And I don't really care if you are straight or gay  
As long as  
You make my day

Cus I've been sitting here since half past nine  
Been thinking dirty thoughts about you a thousand  
times  
Come on  
Show me the way

Cus I don't want to end up being  
A tragic heartbroken human being
