Some things haven't taken over who I am.
I went cold, I went cold, finding my way back.
Places only seen by ones who will want to be.
Lost consumes masses of a dying breed.
Hammered through life a nail to seal this demise.
This light will show forever and a day.

This is where I want to be.
Where there's comfort in everything.
This is where I want to be.
I have made it here from nothing.

No recognition of who you are.
Don't you see, don't you see, this is where I want to be.
You're only making excuses to hide what the truth is.
You're only making a fool of yourself.
Unthought out excuses.
You're only making a fool of yourself.
Unthought out excuses.

This is where I want to be.
Where there's comfort in everything.
This is where I want to be.

This is where I want to be.
Where there's comfort in everything.
This is where I want to be.
I have made it here from nothing. (x3)

(You're only making excuses to hide what the truth is.
I have made it here.
This is where I want to be.
But this is only half way there.
Some things have taken over who I am.)
Take it all back from where you came.
