I had a bottle, all to myself.
And now I'm lying out on the floor.
Who knows how long I'll be here?

And everybody says I'm a mess,
But they ain't got a clue who I am.
I know I'm wrong, I don't care.

I like it better when it hurts,
When the whole world knocks me down.
It's better when it burns.
I'm just always gonna be that girl,
I like it better when it hurts.

I got a list of guys I can call,
And they just give me all that I want.
They all wanna try and save me.

I'm not afraid to live in the dark.
I come alive when I'm all alone.
I know it is wrong, I don't care.

I like it better when it hurts,
When the whole world knocks me down.
It's better when it burns.
I'm just always gonna be that girl.

I like it better when it hurts,
When the whole world knocks me down.
It's better when it burns.
I'm just always gonna be that girl,
I like it better when it hurts.

I had a bottle, all to myself.
And now I'm lying out on the floor.
