I Am Hunter
Searching tonight,
Wait till the sun goes down.
Come in the light.
I found in the underground.

Never alone.
Silent, don't make a sound.
Cause I'm searching tonight.
I follow you in the heart.

You have a fragile heart,
Mine is a hunter.
I'll find you where you are.
I'll take you under.
I'll break you at the start.
No love, no wonder.
You are a fragile heart,
I am hunter.
Hunter.

You're not the first.
And there will be more to come.
It's gonna hurt.
If you think you're my only one.

You're thrilled of the chase.
You're hungry to snipe the wolf.
There's no escape.
I follow you in the heart.

You have a fragile heart,
Mine is a hunter.
I'll find you where you are.
I'll take you under.
I'll break you at the start.
No love, no wonder.
You are a fragile heart,
I am hunter.
Hunter.

I am hunter.
Hunter.

You have a fragile heart,
Mine is a hunter.
I'll find you where you are.
I'll take you under.
I'll break you at the start.
No love, no wonder.
You are a fragile heart,
I am hunter.
Hunter.

Everything
What if I would be the only one,
What if I could give you all I've got.
Everything inside me says to run.
So what if I would be..

Everything I touch looks like gold,
But somehow turns to ashes.
Everytime I love it's hard to hold.
It always burst and crashes.
So - Oh, oh.
I will never know.
Cause everytime I love, I let it go.

If you want wait,
That's fine with me.
But I won't be here in the end, I know.
This was really never up to me.
So if it's love, let go.

Everything I touch looks like gold,
But somehow turns to ashes.
Everytime I love it's hard to hold.
It always burst and crashes.
So - Oh, oh.
I will never know.

Everything I touch looks like gold,
But somehow turns to ashes.
Everytime I love it's hard to hold.
It always burst and crashes.
So - Oh, oh.
I will never know.
So - Oh, oh.
I will never know.

Cause everytime I love I let it go.
And let it go.

Come On Already
Remember when the lights went out.
And there we where.
Without an answer.
To chase away,
The questions that we had.

You played the part.
You took me home,
And talked me out.
To get along,
With all the things.
I wasn't ready for, oh.

But here's the thing.
I want you with me, all the time.
So please come on,
Been here to long,
I'm ready to move on.

Hey, you know,
You better make your move,
Before I'm gone, for good.
So tell me what I'm waiting for.
C-C-Come on allready.
C-C-Come on allready.

Hey, you know,
You better make your move,
Before I'm gone, for good.
Just show me what I'm waiting for.
C-C-Come on allready.
C-C-Come on allready.
Already.

I see us there,
With everything we could ever want.
With everything we could become.
We were meant to be.

But here's the thing.
I want you with me, all the time.
So please come on,
Been here to long,
I'm ready to move on.
To move on, oh-on.

Hey, you know,
You better make your move,
Before I'm gone, for good.

So tell me what I'm waiting for.
C-C-Come on allready.
C-C-Come on allready.

Hey, you know,
You better make your move,
Before I'm gone, for good.
Just show me what I'm waiting for.
C-C-Come on allready.
C-C-Come on allready.
Allready.
