I want to be happy, but I just can't
The things that we're having now, I don't understand
How could this happen so fast, I'm not used to that

Thet things I like and the things that you do right now
Are just not the same and I wonder how
If this is my fault or not, I'm so lost

The time keeps ticking and nobody needs me
I think about the words that seemed so serious
I lied to you but I know better now

Oh, oh, oh

I want to do something good, something good for you
'Cause I don't know how to say that I love you too
So everything turns out the wrong way

Oh, oh, oh

Now I'm at home all alone, and you're away
I always thought that we, that we would stay
But we broke up, it's better this way

The time keeps ticking and nobody needs me
I thing about the words that seemed so serious
I lied to you but I know better now

Oh, oh, oh

I want to do something good, something good for you
'Cause I don't know how to say that I love you too
So everything turns out the wrong way

Oh, oh, oh

I want to do something good, something good for you
'Cause I don't know how to say that I love you too
So everything turns out the wrong way

Oh, oh, oh

I want to do something good, something good for you
'Cause I don't know how to say that I love you too
So everything turns out the wrong way

Oh, oh, oh

I want to do something good, something good for you
'Cause I don't know how to say, that I love you too
So everthing turns out the wrong way

Oh, oh, oh
