

Miss Montreal "In The Middle"

Visit "[In The Middle](#)" on MotoLyrics.com

I only live with true love easy days, the usual usual stuff
Everyday I lie to myself of course I'm in love

No one has called my name yet so
Goodbye for you then and I'm all alone

Please give me a safe spot something to hide in
I'm going nowhere now
I wanna follow my heart, why don't you follow my heart
now
It's going nowhere

I'm in the middle of nothing right now
The things that were meant for me mean nothing
At night I just want to talk to myself

You...
You...

You wanted more than I could give you that is why we
broke up
Now I'm sleeping with lies and guys
I've lost my lust for love

No one has called my name yet so
Goodbye for you then and I'm all alone

Please give me a safe spot something to hide in
I'm going nowhere now
I wanna follow my heart, why don't you follow my heart
now
It's going nowhere

I'm in the middle of nothing right now
The things that were ment for me mean nothing
At night I just want to talk to myself

What do you see, I'm standing right here in front of you
Every time you tell me that I'm not the one
I'm not the one for

You...

You...

Please give me a safe spot something to hide in
I'm going nowhere now
I wanna follow my heart, why don't you follow my heart
now
It's going nowhere

Stuck in the middle of nothing right now
The things that were meant for me mean nothing
At night I just want to talk to myself

Talk to myself

I'm in the middle of nothing right now
The thing that were meant for me mean nothing
At night I just want to talk to myself

Talk to myself
Talk to myself 'round here
