Come on, come on, come on
This is a party song
Come on, come on, come on
Let's sing along, sing along

Come on, come on, come on
This is a party song
Come on, come on, come on
Let's sing along, sing along, sing along

I know a place where the sun's always shining
There's music and love in the air
I know a place where tomorrow's forgotten
There's dancin' and joy everywhere

I just love romantic summer nights
Nothing could go wrong
Oh yeah
We're dancing until morning light
And the party just goes on and on

Come on, come on, come on
This is a party song
Come on, come on, come on
Let's sing along, sing along

Come on, come on, come on
This is a party song
Come on, come on, come on
Let's sing along, sing along, sing along

I know a place where the people are happy
The feeling will lead you the way
I know a place full of freedom and passion
The music invites you to stay

I just love romantic summer nights
Nothing could go wrong
Oh yeah
We're dancing until morning light
And the party just goes on and on

Come on, come on, come on
This is a party song
Come on, come on, come on
Let's sing along, sing along

Come on, come on, come on
This is a party song
Come on, come on, come on
Let's sing along, sing along

Come on, come on, come on
This is a party song (oh yeah)
Come on, come on, come on
Let's sing along, sing along (sing along with me)

Come on, come on, come on
This is a party song (oh yeah)
Come on, come on, come on
Let's sing along, sing along

I just love romantic summer nights
Nothing could go wrong
Oh yeah
We're dancing until morning light
And the party just goes on and on

Come on, come on, come on
This is a party song
Come on, come on, come on
Let's sing along, sing along

Come on, come on, come on
This is a party song
Come on, come on, come on
Let's sing along, sing along

Come on, come on, come on
This is a party song (oh yeah)
Come on, come on, come on
Let's sing along, sing along (sing along with me)

Come on, come on, come on
This is a party song (oh yeah)
Come on, come on, come on
Let's sing along, sing along, sing along
