Talk about me, talk about me, talk about me, talk
(Mmm)
(Talk) Talk about me, talk about me (Ooh), talk about
Me, talk (Yeah)
Talk about me, talk about me (Mmm), talk about me,
Talk (Mmm)
(Talk) Talk about me, talk about me (Mmm), talk about
Me, talk

Every time I turn around
Im always hearin somebody tryin to put me down
They try to say that Im this, that Im that
But all the while they talkin, they don't know me
Like that

Its a crying shame what some people do
They always say stuff about you that aint even true
So if you think you got somethin you wanna say
Why don't you build the nerve to come say it to my
Face

And talkin bout me (Talkin bout me) behind my back
(Oh)
If you got somethin to say, why you say it like that
Stop talkin bout me (Talkin bout me) behind my
Back (Yeah)
If you got somethin to say (Ooh), wont you just say
That

Stop talkin bout me (Ooh) behind my back (Mmm)
If you got somethin to say, why you say it like that
(Say it like that)
Stop talkin bout me (Yeah) behind my back (Mmm)
If you got somethin to say, wont you just say, just
Say

You better watch who you call your friends
Think Im around, well, you can pay your caps and a
Few ends
Kinda funny when your dough gets gone
They talk about you like a dog to their friends on the

Phone

Its a crying shame what some people say
Sometimes I think that they wanna just take my place
So while you talkin bout somebody else
You need to take the time and straighten yourself

And stop talkin bout me (Me) behind my back (Oh)
If you got somethin to say, why you say it like that
(Why you say it like that)
Stop talkin bout me (Oh) behind my back (Mmm)
If you got somethin to say, wont you just say that
(Say it to me)

Stop talkin bout me (Oh) behind my back (Yeah)
If you got somethin to say, why you say it like that
(Say it like that)
Stop talkin bout me (Mmm) behind my back (Mmm)
If you got somethin to say, wont you just say, just
Say

Talk about me, talk about me, talk about me, talk
(Talk) Talk about me, talk about me, talk about me,
Talk
Talk about me, talk about me, talk about me, talk
(Talk) Talk about me, talk about me, talk about me,
Talk

Every time I turn around you (Talk about me)
Every time I come around you (Talk about me)
Every time I put it down (Talk about me)
Every time I look around you talk (Stop talkin bout
Me)

Stop talkin bout me behind my back
If you got somethin to say, why you say it like that
(Say it like that)
Stop talkin bout me behind my back (Ho...ho...)
If you got somethin to say, wont you just say that
(Stop talkin bout me)

Stop talkin bout me behind my back (Yeah...hey)
If you got somethin to say, why you say it like that
(Say it like that)
Stop talkin bout me (Oh...oh...) behind my back
(Yeah...hey)
If you got somethin to say, wont you just say, just
Say (Stop talkin bout me)

Stop talkin bout me behind my back (Im tired of you
Talkin about me)

If you got somethin to say, why you say it like that
(I don't wanna hear you talk about me)
Stop talkin bout me behind my back (Oh, oh, oh, oh)
If you got somethin to say, wont you just say that
(Every time I turn around you talk)

Stop talkin bout me behind my back (Every time I
Come around you talk)
If you got somethin to say, why you say it like that
(Every time I put it down)
