He makes the best fucking films
He makes the best fucking films
If I ever meet him I'm gonna grab his fuckin' neck and
just shake him
And say thank you thank you for makin' such excellent
fuckin' movies
Then I'd twist his nose all the way the fuck around
And then rip off one of his ears and throw it
Like a like a like a fuckin' frisbee
I wanna chew his fuckin' lips off and grab his head and
suck out one of his
eyes and chew on it and spit it out in his face
And say thank you thank you for all of your fuckin' films
Then I'd pick him up by the hair swing him over my
head a few times
And throw him across the room and kick all his fuckin'
teeth in and then
stomp on his face 40 or 50 times
Cuz he makes the best fucking films he makes the best
fucking films
I've ever seen in my life
I fuckin love him
I fuckin love him
