"Love Me To Death"

Let me come inside your ivory tower
Let me come inside your hallowed walls
God, it's heaven in here!
Fix me with your hand of praise
Fix me with your touch of precious thrills
Your fingers dance accross my skin,
Reaching out for the pride of man

Hand in hand, flesh in flesh
Were walking through the fire of love
Breath by breath, and flame by flame
We burn till the sun rises and shines hot
Love come gushing, love runs free
My love comes all over you
My love comes for you.

Love me to death, my flower
Run bare fur through my hair,
Naked on my lips
Love me to death, my precious
Smother me in kisses
Drown me with your waves of falling sweetness

Hold me dear burry me deep
Bless me with your word of savage honor
We love more by fate, than design
So give me your hand and I'll gladly give you my life
A flower, that sways in the breeze
You must be stronger than the winds that blow you
away
Blow you away

Love me to death, my precious
Run bare fur through my hair,
Dance wild on my lips!
Love me to death, my flower
Lay me down on your bed of petals,
Cover me with your honey, my blossom!

Love me to death
Love me to death
Love me to death, my flower

Love me to death, my treasure
Run bare fur through my hair,
Dance wild on my lips!
Love me to death, my precious
Love me to death, my love
Turn and taint and punish me softly
Softly love me to death
Love me to death!
