Yeah

Ba-ba-ba bah-bah-ba-bah bah bah ba-bah

Ba-ba-ba bah-bah-ba-bah bah bah ba-bah

Ba-ba-ba bah-bah-ba-bah bah bah ba-bah

Ba-ba-ba bah-bah-ba-bah bah bah ba-bah

Yeah

Ba-ba-ba bah-bah-ba-bah bah bah ba-bah

All enveloping water all encompassing love

It's a vise-like grip inside your glove

I'm just a rabbit caught in the headlights

Encased in stone, encased in air

Encased in some kind of

Noooo

I'm just a kamikaze

Sneakin' out the door

Oh look out! Geronimo!

Let yourself go

Let yourself go

Well the organs are playing

But nobody knows

This thing is gonna blow

Let yourself go

Let yourself go

I wear the shackles

Of your uptight age

Now look what you did!

Let yourself go

Let yourself go

Let yourself go
