Then she says  
Why... ?  
If you patient why not dress like one?  
Then she says  
Why can't I sleep?  
Between... and white sheets for three days  
And sink down deeper than dreams

Oh, I'd love that  
I'd be a mineral deposit  
A ball of mica inside a rock  
I'd be a mineral deposit  
A ball of mica inside a rock

Then there'd be no whistles, no radios  
No screens  
Then there'd be no whistles, no radios  
No screens

Then she says  
Why... ?  
If you feel like a patient why not dress like one?  
Then she says  
Why can't I sleep?  
Between... and white sheets for three days  
And sink down deeper than dreams

What could I say to that?  
What could I say to that?  
What could I say to that?  
What could I say to that?  
What could I say to that?  
What could I say to that?
