Just a little more time is all we're asking for  
Cause just a little more time could open closing doors  
Just a little uncertainty can bring you down  
And nobody wants to know you now  
And nobody wants to show you how  
So if you're lost and on your own  
You can never surrender  
And if your path won't lead you home  
You can never surrender  
And when the night is cold and dark  
You can see, you can see light  
Cause no-one can take away your right  
To fight and never surrender

With a little perseverance you can get things down  
Without the blind adherence that has conquered some  
And nobody wants to know you now  
And nobody wants to show you how  
So if you're lost and on your own  
You can never surrender  
And if your path won't lead you home  
You can never surrender  
And when the night is cold and dark  
You can see, you can see light  
Cause no-one can take away your right  
To fight and never surrender, to never surrender
