My dear listen closely  
i've got so many things to say before i'm gone  
long nights out on the road  
dreaming with thoughts to come home  
i've never felt so alone until I fall asleep

I'll meet you in my dreams  
every story has an ending, I hope mine ends up with  
you  
happily ever after all this  
we've been through  
I hope all these dreams come true

Late night the sky is lonely  
all the stars are asleep above your bed i don't blame  
them  
sleeping dreaming with you  
if only this would come true  
i needed somewhere to go until i fell asleep

I'll meet you in my dreams  
every story has an ending, I hope mine ends up with  
you  
happily ever after all this  
we've been through  
I hope all these dreams come true

Fame and Misfortune  
is all you'll have  
if you believe you'll make it out of this

I don't know what to do  
all the tears I cry are fallin'  
with the thoughts of missin' you missin' you

I'll meet you in my dreams  
every story has an ending, I hope mine ends up with  
you  
happily ever after all this  
we've been through  
I hope all these dreams come true

Fame and Misfortune  
is all you'll have  
if you believe you'll make it out of this
