She's the beauty in all this pain
she's the ball and chain
she wears me out

She's the fix she's my favorite drug
she's the flavor of
sweet misery

And she takes me and she breaks me
and she makes me wanna be a better guy
and it's alright yeah its all right
and she hates me and she breaks me
and she makes me wanna be a better guy
and it's alright yeah it's alright

Waste please waste your time with me
i'd walk the line for you
girl you drive me crazy
and if ya leave what would I do
i'd confide in friends the gun the bitter end

And she takes me and she breaks me
and she makes me wanna be a better guy
and it's alright yeah its all right
and she hates me and she breaks me
and she makes me wanna be a better guy
and it's alright yeah it's alright

Hurts to say it's almost over
stay the same we're growing older
yeah we're growing older

And she takes me and she breaks me
and she makes me wanna be a better guy
and it's alright yeah its all right
and she hates me and she breaks me
and she makes me wanna be a better guy
and it's alright yeah it's alright
